Frozen Food / Ice Cream Glass Door Merchandiser

Tyler's N5FGA Glass Door Case brings flexible merchandising to your frozen foods department with a wide variety of energy-efficient door and lighting options.
Features & Benefits

- Energy efficient copper tubing and aluminum fin coils ensure product integrity.
- Recessed shelving allows shoppers to open a single door and have access to adjacent shelves.
- Solid steel base structure adds strength and durability.
- Easily removable front, top and rear ducts and discharge-air grid enhance ease of sanitation.
- Easy clearing of fan assembly for access to coil and drain pan.
- Door frame systems are reversible, heat reflective, and contain our PRISM vertical T8 lighting.
- Electric defrost.

Options

- Choose between our standard or high-efficiency door frame system.
- ECM fan motors for additional energy savings.
- 3 or 6 position shelf brackets.
- Choice of solid shelving or powder-coated shelf screens.
- Gas defrost.

All dimensions are nominal. Specifications are subject to engineering changes without notice.
