

LPFMT, LPFDT Front-Lift Straight Glass Dome Top

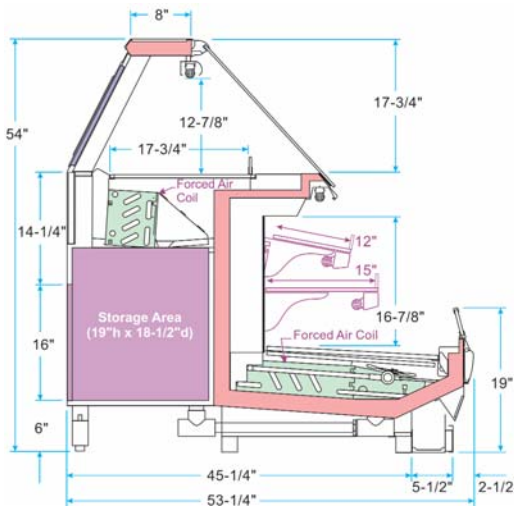

Model LPFMT shown.

LPFMT

LPFDT

LPFMT and LPFDT combination merchandisers offer the flexibility of a self-service open front with a straight glass service area on top. The LPFMT dome has a gravity-coil on top and a bottom serpentine coil below to keep meats fresh. The LPFDT dome has a bottom forced-air coil for the display of fresh deli products.

Features & Benefits

- ♦ Energy-efficient copper tube and aluminum fin gravity and forced air coils for both cases and a copper tube serpentine bottom dome-top coil for the LPFMT.
- ♦ Single row of energy-efficient T8 dome-top lights and T8 top self-service lights for increased product illumination.
- ♦ Easy lifting, tempered front glass on service section improves access for merchandising and cleaning.
- ♦ Clear sliding rear doors for easy access to dome-top interior.
- ♦ Two solid steel base rails and adjustable rear pipe legs provide strength and durability to the case with cleaning access under the rear of the case.
- ♦ Off-cycle defrost.

Options

- ♦ ECM fan motors for additional energy savings to the self-service area and/or the forced air dome-top area.
- ♦ Anti-glare front glass and mirrored rear doors on dome-top increases product visibility.
- ♦ Up to two rows of T8 lighted shelves in the self-service area maximizes product capacity.
- ♦ Angled display trays for the service area and bottom display screens for the self-service area optimize the viewing angle and enhance product presentation.
- ♦ Non-refrigerated rear storage cabinet.
- ♦ Drop-leaf shelves provide a flexible work environment behind the merchandiser.
- ♦ Scale shelves.

Specifications are subject to engineering changes without notice.

Model	Case Length	Description	Capacity in Cubic Feet
LPFMT (dome-top)	6' • 8' • 12'	Lift Straight Front Glass with std. gravity & serpentine coils	7.2 • 9.6 • 14.3
