

NVH hot food service merchandisers provide wet or dry heat to maximize product integrity. A single front glass offers seamless front viewing. Vertical glass minimizes the reflection and glare of ambient lighting.

**Features & Benefits**

- Dual overhead heat lamps over each food well maintain even heat distribution.
- Protected incandescent canopy lamps enhance product illumination.
- 22-1/2" clear sliding rear doors for easy access to interior.
- Individual thermostatically controlled food wells hold temperature and expand merchandising flexibility. Food wells may be operated wet or dry.
- Complete stainless steel interior for ease of sanitation and proper heat distribution.
- 7-3/4" full length stainless steel wrap shelf.
- Ample room for the display of dry-goods on the case top provides opportunity for impulse sales of related products.

**Options**

- Automatic water level control system ensures proper water levels during wet operation.
- Full compliment of food pans are available.
- Full length, hinged poly-wrap shelf.
- Isolated ground convenience outlet.

Specifications are subject to engineering changes without notice.

Model	Case Length	Description	Capacity in Cubic Feet
NVH4	48-1/4"	Fixed Vertical Front Glass with Three Hot Food Wells	N/A*
NVH6	72-1/4"	Fixed Vertical Front Glass with Five Hot Food Wells	N/A*
NVH8	96-3/8"	Fixed Vertical Front Glass with Seven Hot Food Wells	N/A*

\* Due to the variability of individual food tray capacities, overall merchandiser cubic capacity cannot accurately be determined.

**Optional Accessories**

Hinged poly-wrap shelf provides a collapsible work and prep area for your service personnel.

A full compliment of food pans are available to meet all of your merchandising and service needs.
