# **TLD Lift Straight Front Glass**

TLD service merchandisers provide forced air, lower-coil cooling that maximizes product integrity. The straight front-lift glass is designed to maximize product viewing, while the glass lift system allows easy front access for stocking and merchandising of fresh deli products.

### Features & Benefits

- Energy-efficient copper tube and aluminum fin coils.
- Single row of energy-efficient T8 top lights for increased product
- Easy lifting, tempered front glass. Ambient air band eliminates condensation on front glass.
- 25" clear sliding rear doors for easy access to interior.
- Removable fan assembly allows access to coil and drain pan.
- Pipe leg base and removable kickplate facilitate cleaning under the case.
- Off-cycle defrost.

- ECM fan motors for additional energy savings.
- Anti-glare front glass.
- Second row of energy-efficient T8 top lights.
- Lighted stainless steel or glass mezzanine shelves.
- Pedestal base or 6-1/4" short pipe legs provide base and case height flexibility.
- Glass windows on patch end panels.
- Powder-coated display screens.
- Scale shelves.
